Part X - FIN 48 Footnote

The Medical Center, with the exception of Archbold Medical Enterprises, Inc., is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Medical Center applies accounting policies that prescribe when to recognize and how to measure the consolidated financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that,

Part XIII Supplemental Information (continued)

upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Medical Center only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying consolidated balance sheets for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of September 30, 2022 and 2021 or for the years then ended.

The Medical Center's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

[Note, "The Medical Center" refers to Archbold Medical Center, Inc. the parent organization of the multi-entity healthcare system.]

Input from community members representing the broader interests of the county was gathered through a combination of online and written surveys. These efforts yielded information that will be used in addressing barriers, allocating resources and assets and determining opportunities to support. Input was considered in determining gaps in services and to identify whether developing new relationships and partnerships was necessary to meet the needs of the community. This year we enhanced our approach to obtaining this information from our communities. An online survey was accessible through our website (archbold.org), Archbold social media channels including Facebook, Instagram and Twitter. A press release was sent to the Thomasville Times-Enterprise asking for the community's participation. A website link and/or paper copies of the survey were sent to the following entities:

NEEDS NOT ADDRESSED

Not all health needs are easily addressed by Archbold. Further, keeping too broad of a focus will dilute the impact we can have on each health need.

These are some of the primary reasons we aren't addressing some health needs in our implementation plan. Our biggest opportunity is to help with improving disease states by addressing obesity and remaining available for assistance with other health needs as requested and as time and finances permit.
